Should the reporter get in to this level of detail Ana will do well at addressing.

As for learning more, I think it would be good to set up a briefing for you on this research. Maybe when you are back in RTP next week?

Subject: RE: Media Request: interviewing Ana Rappold on PM paper

Hi all- checking in about this. The reporter would like to schedule something this week.

Ana drafted talking points to the questions the reporter submitted.

What inspired this work?

Deliberative Process / Ex. 5

Why is the connection between health and wildfire so difficult to study?

Deliberative Process / Ex. 5

Can you explain why you looked specifically at an older population?

Deliberative Process / Ex. 5

What factors contribute to an increase in particulate matter? Fuel, weather, something else?

Deliberative Process / Ex. 5

How is this work different from other studies on wildfire/health?

Deliberative Process / Ex. 5

Can you explain what you discovered?

Deliberative Process / Ex. 5

How can this information be used to help society/health care professionals?

Deliberative Process / Ex. 5

What surprised you while doing this research?

Deliberative Process / Ex. 5

What are the next steps?

Deliberative Process / Ex. 5

Subject: Media Request: interviewing Ana Rappold on PM paper

Hi all-

A reporter with Eos is interested in writing a story about a recently published paper by NHEERL's Ana Rappold. Here is the paper: [Cardiopulmonary Effects of Fine Particulate Matter Exposure among Older Adults, during Wildfire and Non-Wildfire Periods, in the United States 2008–2010](#)

She would like to have a quick discussion with Ana about the paper this week. Ana has done quite a few interviews in the past about her work. Are you okay with this proceeding?

Thanks,

Kacey
